

37ft Timber Gaff-Topsail Cutter

Coee is a gaff-topsail cutter built in Auckland by the legendary Bailey & Sons in 1894 for snapper fishing. She raced during and after her fishing years then was set up for recreational sailing in the 1930s. Thanks to enduring timbers and strong workboat construction she has survived in amazing condition and circumnavigated the world between 1983 and 1996. An October 2022 survey declared her sound. Coee won Best Boat in Cape Town's classic boat show of 1993 and will continue to stun anchorages and boat shows for her next century.
